- Apply one shot to wet or dry hands
- Rub across all part of the hands
- Rinse off with clean water
- Dry thoroughly

FORMAT: FOAM

This product complies with Standard No: PCPv5.0-2022, GECA Standard which can be read at www.geca.eco GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the trade mark are certified environmentally preferable by GECA.

FEATURES	BENEFITS
Perfume-free and dye-free	Designed for people who are sensitive to perfumes and dyes and who prefer products which do not have these added.
HACCP International certified	Certified by HACCP International as being suitable for use in facilities that operate a HACCP based food safety programme (Food Zone Classification SSZ) when used as directed. Food handlers should use product only in accordance with label instructions and product should not come directly into contact with food or items that contain food.
Skin Hypoallergenic	Dermatologist tested to verify and confirm this product has very low allergenic potential and is designed for sensitive skin.
Mild preservative	Specially formulated with one of the mildest preservatives to reduce the risk of skin irritation from using this product.
Contains Glycerin	A skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
Formulated with a low pH value (4-6.5)	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
Washes away over 99% of dirt and germs	Just a single pump is required to deliver highly effective skin cleansing when used properly.
Biodegradable according to OECD 301F	Formula meets the minimum criteria of 60% decomposition by bacteria within 28 days to naturally occurring substances according to the OECD 301F Readily Biodegradable Guideline.
High quality smooth foam	Pleasant silky-smooth skin feel when washing; helps reinforce good hand washing practice.
Convenient, quick and easy	Dispenses foam on the hands which is instantly ready for washing and quick & easy rinsing from hands and sinks.
Excellent cost in use	Highly economical, only one dose is required to provide effective hand cleansing. Provides over 57% more washes and uses 36% less product compared to lotion soap.*
Reduces water consumption	Can save up to 45% on water consumption during handwashing compared to lotion soaps.*
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

REFRESH™ CLEAR FOAM ^{PURE}

Perfume-free & Dye-free Gentle Foam Hand Wash

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from <https://www.scjp.com/en-sea/safety-data-sheets>

SHELF LIFE

This product has a shelf life of 30 months from the date of manufacture when stored unopened at room temperature.

SUITABLE FOR USE IN FOOD HANDLING

When used as instructed, CLEAR FOAM ^{PURE} does not influence the quality of foodstuffs. The product has been independently tested according to Sensory Analysis - Methodology - Triangle Test BS EN ISO 4120:2007 and has been proven to not have the potential to taint food, thereby supporting and meeting HACCP standards for impact on the smell and taste of foodstuffs.

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow appropriate quality assurance practices, including with respect to quality control processes for raw materials and finished goods, and comply with any regulatory requirements applicable to the manufacturing of such products.

CERTIFICATIONS

GECA Certified

The Good Environmental Choice Australia Ecolabel certification scheme is Australia's leading environmental certification program. GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the Ecolabel trade mark are certified environmentally

preferable by GECA. More information about the environmental characteristics of this product can be found at www.geca.eco.

HACCP International Certified

This product and the dispensers it is to be used with (LGT1LDS) have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in

Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Independent clinical dermatological tests conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models, shows the product to be non-irritating in use.

Product Safety Assessment

The product has been assessed by an independent toxicologist and has been declared to be safe for use on the hands of adults and children of all ages when used as directed, meeting all relevant regulatory requirements.

EFFICACY TESTS

Skin Hypoallergenic

The perfume -free and dye-free formulation did not demonstrate a potential for eliciting dermal irritation or sensitisation after conducting an independent 8 week Human Repeat Irritation Patch Test (HRIPT).

Allergy sufferers should always refer to the ingredient list before using the product.

Water Saving

Independent tests show that washing hands with foam soap rather than lotion soap can reduce average water consumption by as much as 45% when using a modified hand wash approach of dispensing soap on dry hands and turning the tap on only when rinsing off (SC Johnson Professional Sponsored Study: How a simple change in the washroom can significantly reduce water consumption and associated costs. Durrant and McKay, 2011).

Dirt Removal

The hands of healthy volunteers were prewashed, treated with an artificial soil media and washed using a dosage size of 1 shot (0.7ml) of REFRESH™ CLEAR FOAM ^{PURE}. The residual dirt and cleaning efficacy, respectively was determined after each wash procedure and in this test 99.4% of visible dirt was removed.

Germ Removal

0.7ml of REFRESH™ CLEAR FOAM ^{PURE} was tested using EN1499:2013 method on *E.coli* k12 for a 30 second wash time. Results show REFRESH™ CLEAR FOAM ^{PURE} achieved a 2.34log₁₀ reduction.

Rubber Production Process Compatibility

Independent testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of REFRESH™ CLEAR FOAM ^{PURE} in rubber production process does not influence the cohesive strength of rubber.
