

profix® escon crêpé wiping roll (en)

Item number: 066 359

Category: Recommended Filling, Special Wipes

The **profix® escon crêpé wiping roll** is a **robust high-performance wipe** made from a **cellulose/polyester fiber blend**, designed for **demanding degreasing and cleaning applications**. It offers **excellent tear and abrasion resistance**, **very high absorbency**, and a **creped, exceptionally soft surface** that ensures efficient dirt and liquid pickup. The wipe is **solvent-resistant**, **wringable**, and **reusable**, providing excellent cost efficiency. The **turquoise color** supports professional use in industrial environments. **Ideally suited as a high-performance degreasing cloth in the automotive and paint industries, machinery and aircraft manufacturing, as well as in the printing industry.**
