tiger blue wipes

065 802 · Special Wipes

profix® tiger blue is a high-quality wiping cloth made from double-creped cellulose. It is highly absorbent with an extremely fast liquid uptake, abrasion-resistant both wet and dry, and soft yet grippy. The cloth is solvent-resistant and certified for short-term direct contact with food (ISEGA-certified), making it safe for sensitive applications. Main applications: Rapid absorption of large amounts of liquid in the printing and chemical industries, as well as in production and craft facilities Cleaning and drying of sensitive surfaces in glass, food, and pharmaceutical industries, as well as in healthcare and care facilities With its combination of high absorbency, durability, and food-safe certification, profix® tiger blue is the ideal choice for professional and industrial cleaning tasks requiring efficiency and reliability.

Product Details

Artikelnr.	065 802
EAN	4029068065802
Wipe Dimensions	36 × 30 cm (B × H)
Material	Cellulose, DRC material
Color	white
Plies	1-ply
Folds	Z-Folding
Branch	Building cleaning, Food industry, Hotel and food service industry, Medicine and care facility, Trade and industry

Shipping Information

Packaging	1008 Piece(s)/box
VE/PAL	24 Box(es)/pallet
